Enjoy the drabble!

If Kirk wouldn't have closed his eyes while soloing and walking across the stage at the same time nothing would have happened.

But because he did he rammed Lars' drum riser, crashing into the drums, face first.

Lars got hit by his cymbals, fell off his drum stool and brought down James who harmlessly had played behind him.

The flying drumsticks painfully made contact with Jason's backside.

Bass and bassist shrilly wailed as Jason fell flat onto his face.

James grabbed at Kirk and Lars and slapped them then furiously pulverized the bass drums.

It was Metallica's best show ever.
